

Introducing TIB100A

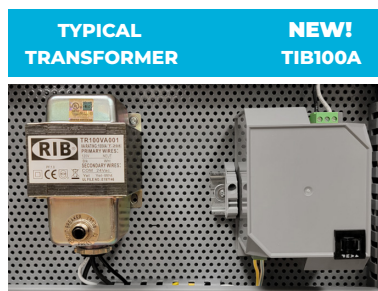

The Next Evolution in Transformer Technology

We're excited to introduce our latest innovation. The TIB100A is the first-of-its-kind housed DIN Rail mountable transformer, designed to simplify installations and significantly reduce labor costs. Its pluggable terminals enable more efficient troubleshooting and maintenance, while its compact design optimizes space and provides a clean, aesthetically pleasing look.

BENEFITS

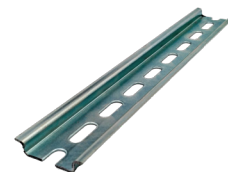

- **Simplify Your Installations:** Save valuable time and reduce labor costs with our innovative design that simplifies installations.
- **Easier Maintenance:** Pluggable terminals enable more efficient troubleshooting and maintenance of High and Low voltage with a meter.
- **Assists in UL Compliance:** The use of terminals vs. wire nuts allows for the panel to be UL listed.
- **Optimize Space:** Make the most out of limited space with the TIB100A's compact design.
- **Clean Aesthetic:** Say goodbye to messy wires. Our sleek, compact design adds a clean, professional look to any setup.

SPECIFICATIONS

- VA Rating** | 96
- Frequency** | 50/60 Hz
- Mounting** | 35mm DIN Rail
- Over Current Protection** | Circuit Breaker
- Dimensions** | 4.315" x 3.112" x 3.255"
- Max Ambient Temperature** | 40° C

ACCESSORIES

ADIN35
DIN Rail Perforated
35mm x 7.5mm x 1m

ADIN35ES
Pair of End Stops
for 35mm DIN Rail
