

CHARLES GALLO DRAIN GUN

*Clears Condensate
Drains with a SWOOSH!*

The Charles Gallo Drain Gun is a lightweight (3oz.) portable tool designed to blow out condensate drain lines instantly. Simply insert a Swoosh CO₂ cartridge into the Charles Gallo Drain Gun and with a press of the trigger — **SWOOSH** — 800 psi of oil free food grade air clears the line.

INSTRUCTIONS:

- Unscrew cup and insert cartridge with the narrow end up.
- Without depressing the trigger, screw the cup slowly into the head until the cartridge contacts the puncture pin.
- Quickly and firmly screw the unit together to puncture and seal the cartridge in the same motion. Note: not completely screwing the unit together may result in escaping gas.
- Release the red safety catch.
- Depress the lever to discharge the Swoosh CO₂ cartridge. For condensate drains, a quick and full discharge is best.
